micro-workplace*

Who we are and what we do

Sedus Stoll AG was founded in 1871 and is one of the leading European manufacturers of office solutions. The product range includes seating furniture, such as swivel and visitor chairs, as well as office, conference and contract furniture – all “Made in Germany”.

The company headquarters is located in Dogern on the High Rhine in southern Germany. Another production site is in Geseke, North Rhine-Westphalia. Sedus is a company with a long tradition and 150 years of company history that has repeatedly set standards – in terms of ergonomics, manufacturing processes and sustainability. As a synonym for innovation, technology and aesthetics, Sedus constantly enriches the “office world” with new product ideas and contemporary concepts. Sedus puts a strong focus on current trends and changes in the world of work. New organisational structures and forms of work require flexible, aesthetic furnishings and custom-made solutions that enhance collaboration, communication and movement. A particular emphasis is placed on the health and well-being of the users.

se:note
can be nested
to save space

Thanks to its
light weight,
se:note can be easily carried
by its recessed handle
and flexibly positioned

**Designed for
intuitive
use**

The **micro-
workplace** 
combines desk, seat
and truly ingenious design

**No assembly,
no preparations:**
just set it up and get started

se:note

Micro-workplace with a multitude of possibilities

How is it possible to provide furniture for press conferences, workshops and trade fairs quickly and easily? And which furniture is flexible enough for short-term update meetings? se:note is always the right choice when time is limited and you need to be spontaneous. The micro-workplace, which is reduced to the bare essentials, requires no assembly or preparation. It is always ready for use: just put it in place and get started.

Frame

Black

Basalt grey

Pale grey

Need to change location quickly? se:note is easy to take along or relocate thanks to its light weight and the recessed handle in the seat.

When not in use,
the micro-workplace
can be staggered
to save space.

The desk surface has a
pen groove. The legs can
be equipped with felt glides.

se:note is a workstation in monoblock design, combining a seat and a writing surface. It makes separate desks or writing tablets superfluous. Its design intuitively invites you to sit down for taking notes or having a quick read. And what is more, se:note can be easily grouped, arranged in different constellations and stored away just as quickly.

“ **se:note**

is a micro-workplace that cleverly unites desk and seat. As a solution for in between spaces, it offers freedom of design to reinterpret work areas “
